MEMORANDUM FOR: Director of Central Intelligence

FROM: John N. McMahon
Acting Deputy to the DCI for the
Intelligence Community

SUBJECT: Problems in Intelligence Community Support to
DoD R&D Programs (U)

REFERENCE: DCI/IC 3349-77 dtd 4 Oct 77

1. (U) Action Requested: None; for information only.
2. (U) Background: Reference memorandum briefly described the attached report and stated that after additional staffing in DDR&E and DIA I would make recommendations to you concerning actions described in the report. On 7 October, the report was briefed to Dr. Dinneen, the Principal Deputy Under Secretary of Defense for Research and Engineering, and General Tighe and his staff. The briefing was well received and copies of the final report have been forwarded to appropriate officials in DoD and CIA.
3. (U) I suggest you read the Executive Summary and Appendix F of the report. If Defense agrees to use the proposed directive prepared for them, I would then forward the other two directives, establish the interagency committee to coordinate the recommended actions and push all concerned to make certain that the loops are closed.
4. (U) This is a first step in building the capability to examine the real utility of S&T intelligence to all users--not just Defense R&D.

/s/ JOHN N. McMAHON
